# Invitation

---

I am excited to invite you to this informative and enlightening scientific conference Telemedicon - 2022 based on the theme “Strengthening Health Systems Through Sustainable Telemedicine and Digital Health”.

The event conducted in Kerala, would surely be a wonderful opportunity to learn and to reflect, to network and to find yourself all again, in the charm of ‘Gods own country’. The conference is organized by The Telemedicine Society of India (Kerala Chapter) in association with Amrita Hospitals and you would be witnessing product launches, business networking and interacting with a pool of amazing talents from across the world while they speak and participate in discussions and debates. Several interesting topics on the past, present and future of Telemedicine and Digital Health, IOMT, Tele-ICU Monitoring, AI in Telehealth Systems, legal and regulatory aspects and confidentiality related to tele-medicine and the like would give you a chance to assimilate a wealth of knowledge on the subject from experts and thought-leaders in this segment.

With immense pleasure and pride, I welcome you to this three-day Telemedicon - 2022 and I assure, this would be an ever-cherishing event for all of us.

Regards,  
**Dr. Prem Nair**  
Chairman,  
Telemedicon 2022 - Kerala

 CELEBRATING  
YEARS OF  
FOUNDATION OF TSI  
**TELEMEDICON 22**

# Telemedicon2022

The first ever telemedicine conference after the pandemic would be haven for you -the delegate, the speaker and the sponsor. It's an opportunity to meet the fraternity in person after a long gap and it is also your chance to relax and unwind in the lap of nature. Exciting interactive sessions, brilliant minds, thrilling activities like helicopter ride and houseboat journey, dinner night by the side of serene backwaters and a lot more await you along with the sessions. This is your platform to give and take information, insights, expertise, innovative ideas, technology and in a way, 'The Future' of Telemedicine. The core theme of the event, 'Strengthening Health Systems Through Sustainable Telemedicine and Digital Health' puts

forward a platform to pool in ideas to spearhead the growth of telemedicine in the right direction as the future of both telemedicine and the front runners of telemedicine, holds immense potential. Telemedicine introduced in India by ISRO and promoted by TSI found its silver lining during COVID-19. We could say, the pandemic has helped catalyse the pace of growth in the field of telemedicine and digital health.
